FOUGHT WITH BOERS.

Captain Lossberg Tells of His Experience in South Africa.

PRAISES THE BOERS.

He Says the British Repeatedly Violated the Rules of War and Relates His Experience With the Kaffirs There.

New York, April 17.—Captain Otto von Lossberg, captain of the second battery, Transvaal state artillery, who left the Boer army in January being incapacitated with wounds, arrived from Europe with Montague White and is now at the Imperial hotel. He will leave at once for New Orleans, his old home. In an interview Captain Lossberg said:

"I talked with General Louis Botha before I came away. 'You may go' he told me. 'You have fought well. I give you your discharge. When you come back we shall be free or fighting. I shall fill a patriot's grave. Go my boy. God be kind to you.'"

"That is the kind of men who fight for the Boer cause," continued Captain von Lossberg. "The English have violated every law of civilized warfare. They have armed 5000 Kaffirs, who are in Steinacher's Horse, which is the scum of South Africa. They fight like the Hessians fought you—for hire. They get 12 shillings a day. They plunder and pillage everybody, young and old alike.

"When I was wounded I was put in a Red Cross ambulance and started for Lorenzo Marquez. We were held up by 50 Kaffirs who were nothing but a breach clout and carried British rifles. They took everything we had and turned me back to Pretoria.

"I complained of the violation of the Red Cross flag and robbery to the British officers. They investigated and admitted that I had been shamefully treated. They promised restitution 'after the war.' You Americans have little conception of the resources of the Boers. General Delarey alone has 3,000,000 rounds of ammunition. We have 20 guns and a Long Tom. The latter is hidden for future need. We need nothing but ambulances and surgical supplies.

"The Holland societies sent us three ambulances and nurses several months ago via Lorenzo Marquez. The British there had them held up and they are there yet, while our men are dying for the need of them.

"Our forces are distributed like this: Delarey has 6000 men, Botha 4000, De Wet 5100 and the rest are in flying corps. They constantly harrass the British. Most of our men are fighting south of Pretoria.

"The Americans with our army and particularly the Irish-Americans are doing magnificent fighting. One of the latter was a sergeant major in the Sixth Massachusetts regiment. The Irish-Americans prevented the capture of our 'Long Tom' by their bravery at Leydenberg. They fought like fiends.

"The English have 100,000 men tied up guarding the railway at Fort Elizabeth, New London, Durban and Cape Town. Last November a lot of mules and horses for their army reached Lorenzo Marquez. Only the French consul protested. The German and American consuls were mute. Portugal heeded the French protest and made the ships unload elsewhere out of Portuguese territory.

"The British recently desecrated the Lutheran church at Rustery Mission. The Tommies took the church organ and while one of them played the others danced to the music with the Kaffir girls. At Lychtenberg the British desecrated a cemetery by making it a cattle pen.

"Our winter season begins in May and ends in September. The Boers will take to the hills until it is over. They have little baggage to impede their mobility, while the British troops are weighted down. We will play havoc with them when the winter sets in."

The captain denied that General De Wet is insane, remarking: "He is the most dangerous 'insane man' that England ever coped with. General De Wet is a military genius. He has made his raw troops into one of the best disciplined and most dangerous forces in the world. They love him like a father and would follow him into the very jaws of death."

Andrew Wessels is Alive.

Craddock, Cape Colony, April 16.—Advices from Hilbrun say that Andries Wessels is alive. Wessels accompanied Morgan on his visit to the Boers in the capacity of peace envoy and was reportedly shot by the order of General De Wet.

Caught Between Two Cars.

Fort Worth, Tex., April 17.—John W. Branch, single, was caught between two freight cars here and instantly killed. His body was badly mangled. Branch

had been employed by the Texas and Pacific in the yards only two days. His mother lives at Rockwood, Tenn., and other relatives at Ogden, Utah.

Relief Bill Signed.

Austin, April 17.—The governor has sent the Dallas charter bill to the secretary of state without his signature. He signed the bill relieving from state taxes for two years on account of floods Wharton, Brazoria, Waller, Fort Bend, Harris and Matagorda counties.

KEANE AN ARCHBISHOP.

The Pallium Conferred Upon Him With Much Ceremony at Dubuque.

Dubuque, April 17.—In the presence of high priests of his church and before an audience that occupied every foot in St. Raphael's cathedral and overflowed in surrounding streets Archbishop John J. Keane, was today invested with the pallium, the insignia of high position he occupies in the Catholic church. The scene was one of great brilliancy and the ceremony characteristic of that splendor and magnificence for which the Catholic church is noted.

While the absence of Monsignor Martinelli was marked, it detracted none from the grandeur of the scene which was far beyond that occasion of Sept. 17, 1893, when Monsignor Satolli, now

BISHOP KEANE

a member of the sacred congregation at Rome, conferred the pallium upon the late Archbishop Hennessy in this same cathedral. Cardinal Gibbons conferred the pallium as he did then, and archbishops and bishops from all parts of the United States were here again, and the number of priests present was fully double that on the other occasion. The attendance of laymen from abroad was very large, and but few states in the union were unrepresented. It was a remarkable tribute to Archbishop Keane.

Archbishop Kain of St. Louis, celebrated the pontifical high mass. The music was sung by a choir of 60 persons. Archbishop Ireland delivered the sermon. A congratulatory address from the clergy of diocese was made by Rev. Dr. Carroll, president of St. Joseph's college, Dubuque, and Archbishop Keane's reply closed the ceremonies at the church.

Marindique Insurrection Ended.

Washington, April 16.—The war department has received a cablegram from General MacArthur at Manila saying Colonel Abad, the insurgent leader of Marindique and his officers, 70 soldiers and 248 small arms surrendered to Maj. Frederick A. Smith on April 15, the oath was taken with impressive ceremonies and then they were released. This ends the insurrection.

Cebu Islanders Holding Out.

Cebu; P. I., April 16.—A thousand troops in the island of Cebu are unable to accomplish the surrender or capture of 200 insurgent riflemen still out. Col. McClelland says the terms of the insurgents offered are impossible. Of 50 towns, a dozen of the larger have been organized under military order. Others are believed to have insurgent governments.

Court-martial for Boyer.

Manila, April 17.—A court-martial has been convened here to try Lieutenant Frederick Boyer who is charged with the embezzlement of commissary stores. Captain Frederick J. Barrows of the Thirtieth volunteer infantry who was arrested under similar charges, will be tried later.

The Change Expected.

Washington, April 17.—The action of the ministers at Peking in accepting the proposition of Mr. Rockhill for the establishment of a foreign board to take the place of tsung li yamen is in line with what has been expected at the state department, although details of the plan was somewhat different from that first contemplated. While this plan is not considered as satisfactory as the first yet it is better than the old way.

Blaze at Birmingham.

Birmingham, April 17.—The car barn of the Birmingham Railway, Light and Power company, burned here together with 35 trolley cars. The Third Presbyterian church and parsonage and half a block of cottages adjoining also burned. The total loss is estimated at \$135,000, \$75,000 of which falls on the street

car company, but covered by insurance. The origin of the fire is not known.

Again Postponed.

New York, April 17.—Surrogate Fitzgerald on a motion of Mr. Cantwell, on the counsel for Albert T. Patrick granted an adjournment in the Rice will contest until June 3. Patrick was held Tuesday by Justice Jerome for the grand jury on the charge that he murdered Mr. Rice.

Captain McGowan Retired.

Washington, April 17.—Captain J. McGowan has been retired with the rank of rear admiral. He broke down in health while commanding the monitor Monadnock on the Asiatic station, and has had a leave of service in command of naval station at Key West.

No Change Announced.

Boston, April 15.—Directors of the Chicago, Burlington and Quincy railroad held a regular meeting here and at the close it was stated there was no announcement to be made concerning any change in control of the road.

THE GREAT REVIVAL.

In the face of a heavy rainstorm followed by a chill north wind a large crowd gathered at the opera house Wednesday morning to hear George Stuart, and after a practical talk on christianity and business success fully 350 men stood up and pledged themselves to burn the bridges behind them and endeavor to lead a christian life, uniting with the church of their choice. When this declaration is carried into effect, as, presumably it will be next Sunday morning, there will be numerous additions to the various churches. With such a demonstration it is needless to say that the christian sentiment of the community has been greatly strengthened and extended.

Mr. Stuart's sermon Tuesday night was from Paul's letter to the Hebrews: "How shall we escape if we neglect so great salvation." The sermon was one of the most logical and instructive yet heard

in this series of meetings. The preacher anticipated every argument the unsaved man resorts to and answered it fully and clearly. He showed how law is universal and its violations inevitably followed by punishment; that the same law of gravitation which drops a ripe peach from a tree into the cap of a happy boy will dash the same boy to death if he violate it and fall from a window; that God never made hell, but in making heaven hell was left as the focal point of violated law. In his preliminary remarks the preacher touched without any spirit of harshness upon christian science and spiritualism and urged the people to stick to the old time religion and stay on the main line. He said he had studied these beliefs and that there was truth enough in them to float them, but that all valuable truth in them came from the old time Bible religion and could be found and enjoyed therein by those who will diligently seek for it.

Rev. Stuart conducted a children's meeting at the Baptist church Wednesday afternoon, and in the face of bad weather there was a large crowd of children present.

The men's prayer meeting was held at the opera house as usual and was conducted by Rev. A. M. Stewart. A feature of unusual interest was a topical discussion of the Lord's prayer.

The meeting will close with the two o'clock service this afternoon instead of tonight, as stated in the Eagle yesterday morning.

CLAIMS OF INDEMNITY.

Some Figures Submitted by the Powers for Claims Against China.

Washington, April 17.—The reports from Peking of the slow progress of the negotiations there on the subject of indemnity the officials here are not without hope that a way may be found out of the present complications.

Later figures are coming in respecting the indemnity claims which slightly modify these claims as reported from other sources; for instance, the French claim is now given as \$56,000,000 instead of \$65,000,000 as reported. The Russian claim is about \$87,000,000. The claim of Great Britain is only about \$27,000,000. The Japanese claim has also been cut down to less than \$20,000,000. Germany's claim is elastic, ranging from \$60,000,000 to \$70,000,000.

The little powers, those powers that furnished no troops at all, or an insignificant number, loom up with big bills. Belgium wants \$6,000,000 and similar claims are preferred by Holland and Spain.

Tragedy in a Ballroom.

El Paso, Tex., April 17.—A tragedy shocking and mysterious was enacted in Juarez, Mex., Tuesday night when Andree Garcia sent a bullet crashing through the head of his young and beautiful bride and then blew out his brains. From the lights of the ballroom and with happy laughter and the music of the orchestra ringing in their ears the young couple passed into the uncertain darkness of eternity. Temporary insanity superinduced, doubtless, by a fit of unreasonable jealousy, was probably the cause.

Refute Statements of Allen.

Ponce, P. R., April 17.—The chamber of commerce met Tuesday in response to a special call and discussed the commercial and general conditions of the island. The administration of Puerto Rico was criticised and it was resolved to cable to Washington denying the statements of Governor Allen and Secretary Hunt in regard to the prosperity of Puerto Rico. The chamber of commerce of Ponce also telegraphed to the chamber of commerce of San Juan and Mayaguez to co-operate on similar lines.

Again Stirring up Trouble.

Muskogee, L. T., April 17.—United States Marshal Bennett has issued instructions to his deputies to arrest Lab Tah Mico and Chitto Harjo alias Crazy Snake. Sufficient information has been received by the court officials here to convince them that these two leaders of the Snake band are again at work advising their people to continue to oppose the policy of the government regarding their tribal affairs.

Old Soldier Rewarded.

Dayton, O., April 17.—Henry H. Hawthorn, one of the invalid soldiers in the Soldiers' Home here, has received notice that he has been made the beneficiary to the amount of \$200,000 to \$500,000 left him by a woman out of gratitude for having saved her life many years ago. The woman is Mrs. Josephine Fairfax, who recently died in the south of France.

Result of an Infatuation.

Mena, Ark., April 17.—Bine Whitlatch, a young farmer residing with his family 20 miles south of here, is in jail charged with the murder of Florence Wiley, aged 14, a neighbor's daughter. Excitement is running high there. The affair seems to be the outcome of an infatuation of Whitlatch for the girl.

Gabe Hall Convicted.

McKinney, Tex., April 17.—The jury in the case of Gabe Hall, charged with assault to murder his wife April 3, 1899, brought in a verdict assessing the punishment at seven years in the penitentiary. On a former trial he was given five years.

Violating Local Option Law.

Waxahachie, Tex., April 17.—In the county court here two cases of violating the local option law by the C. O. D. method were tried. Both cases were against Lum Young of Italy and resulted in one case an acquittal and in one a conviction.

GOULD WILL CONTROL.

Frisco in His Hands and Will Be Extended to Mexico.

New York, April 17.—It can be definitely stated that further progress has been made in the Southwestern railway deal which is being engineered by the Standard Oil-Gould-Harriman interests.

Just what properties are to be included in this new consolidation of railroads cannot be accurately stated, but the prospective purchaser of the Mexican Central is, or is to be, the St. Louis and San Francisco Railway company and shrewd railroad men say that if the Frisco has bought the Mexican Central, then some one has bought the Frisco. The strength and activity of Mexican Central issues clearly indicate a purchase for some private interest.

From one of the very highest banking authorities the information is obtained that eventually the St. Louis and San Francisco will turn up as owner of the property. When asked recently if the St. Louis and San Francisco was not planning an extension toward Mexico, President B. F. Younkum of the said said: "Yes we are to build an extension toward Mexico."

Mr. Younkum said that the Frisco road had not bought the Mexican Central but when asked if it was not the intention of the Frisco interests to take over that property, he said that he could not tell what might happen in the future.

Railroad men who have heard the report say without exception that if the Frisco has acquired or is to acquire the Mexican Central, then some greater power has acquired the Frisco. The consensus of opinion is that any such purchase would be the Goulds interest, which, despite its inactivity until recently is the dominant railway power in the southwest.

The reason advanced for saying that the Frisco is not alone in the matter is that the new construction to connect the Frisco either from Paris, or from Oklahoma, its most westerly and southeasterly termini, with the Mexican Central at El Paso is too considerable for that company to undertake single-handed.

Operating in harmony with the Goulds, the extension required to make the connection would be far less considerable and then, too, the harmony of interest in the southwest would be better conserved.

Combine Against Union Labor.

Newport, Ky., April 17.—A notice has been posted on the doors of the factory of the Wadsworth Watch Case company in Newport, where a strike has been in progress, that hereafter no union labor would be employed by that concern. In addition a notice was printed beneath the above that the same stringent action had been taken by the following leading companies of the country manufacturing watch cases: The Keystone Co., of Philadelphia, the Fabig of Sag Harbor and the Crescent of Newark. The notice stated that the companies had formed a combine against the employment of union labor.

Beef for Russian Army.

Portland, Ore., April 17.—Sixty carloads of pickled beef are en route to this city over the Northern Pacific from Chicago for reshipment from Portland to Vladivostock, presumably for the Russian army. The lots leave in three trains of 20 cars each and the first complement of 20 cars passed St. Paul on April 15 and will arrive here Friday. The second lot will probably arrive Saturday and the third lot a week later. The first steamer to receive the beef is due to this port April 23, and the other two steamers are due before May 1.

Killed Over an Election.

St. Louis, April 17.—Charles Smith and William Johnson were killed and J. Fisher and W. R. Hamilton were seriously wounded in course of an election riot in Winstanley Park, a suburb of East St. Louis, Ill. Hamilton's wounds are serious. Fred Ayer, who is alleged to have fired the shots, is under arrest. The trouble grew out of the election contest between Henry Drummond and Raymond R. Dojo, opposing candidates for the position of village president. The killed and wounded were partisans of Drummond.

Switchmen Strike.

Seranton, Pa., April 17.—Two hundred switchmen in the Lackawanna yards here, at Taylor and Clark Summit struck against the discharge of two men by Yardmaster Newell, who wanted to replace them, it is said, by men brought from Hoboken. There is a complete tie-up of freight and coal traffic here and word has been sent down the Bloomsburg and other divisions to hold all trains. Three miles of cars are already blocked on the Bloomsburg division between here and Pittston Junction.

General Mascardo Will Surrender.

Manila, April 17.—The chief of staff of the insurgents General Mascardo has surrendered at the town of Marivales, in Batan province, Luzon. He said that Mascardo's band of followers, now greatly diminished, are in a bad way. It is impossible for them to elude the Americans, they are unable to obtain food and want to surrender. It is said that General Mascardo himself will surrender shortly.

Fell Eighty Feet.

Buffalo, April 17.—A derrick car and a gondola toppled over a bridge on Eighteen Mile creek, on the Nickel Plate railroad Tuesday evening. Six men went with them to the rocky bed 80 feet below. Two were so badly injured that they died within a half hour after the accident. Four others were seriously hurt.

Texas has been so prosperous that the people are planning all over the state to spend the hot month in "Kool Kolorado;" and the number of Southern people up there this year will be numerous. People always want the full worth of their money, and this accounts for the plans of almost every one providing for using "THE DENVER ROAD" from Fort Worth. DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

ROW IN A CHURCH.

An Anti-Ritualist Makes Protest Against a Bishop's Consecration.

London, April 17.—The scene in the Bow church today during the consecration of Rt. Rev. F. W. Ingram as bishop of London, resembled a political meeting rather than a religious service. John Kensit, anti-ritualist, entered a loud and unexpected protest against his appointment. His remarks caused an extraordinary uproar and he was greeted with cheers, hisses and shouts of "order," "shame," "no popery," etc. In the course of his remarks he accused Dr. Ingram of being unfaithful to all his promises when he was consecrated bishop of Stepney, adding that he had helped lawbreakers, had encouraged clergymen who, in defiance of the rubrics, elevated the host, offered masses and practiced confession, etc.

He concluded with saying that he was prepared to appear in court and prove Dr. Ingram an unfit person to hold a position of bishop of the Protestant church, owing to his encouragement of these illegal Romish practices. Friends and opponents of Kensit became so uproarious that the vicar general tried to clear the church. Eventually the vicar general overruled the objections and the election of Dr. Ingram was confirmed. Disorderly scenes occurred outside the church and finally Kensit was escorted home by a score of policemen and followed by a howling mob.

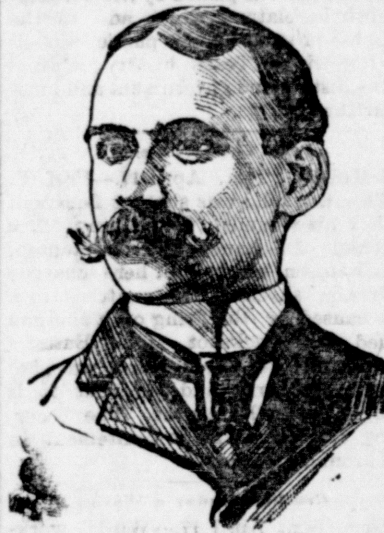

DENIAL FROM LOOMIS.

Did Not Say Things Attributed to Him Sent from San Juan.

New York, April 17.—F. R. Loomis, United States minister to Venezuela, has arrived here. At the end of the present week he goes to Washington to report to the state department and President McKinley. To an Associated Press representative Mr. Loomis said:

"I did not say any of the unpleasant things about President Castro. The fact is I like Castro very much. I was interviewed at San Juan, but it was a more pleasant chat than anything else. There were others present who said some unkind things but I certainly did not. I am quoted as saying President Castro drew but \$12,000 salary yet had made \$2,000,000 in two years. I do not even know that the president gets the salary named and I know nothing of any money he has made."

"I must also deny I said he plotted to secure my recall or removal. I cannot discuss recent diplomatic incidents in

MINISTER LOOMIS.

Venezuela. There are several points in connection with it on which I will report to the department and naturally, they are confidential. I may say, however, the preliminary steps toward legal settlement of the asphalt cases has been taken in the Venezuelan courts. We insisted that the dispute be submitted for adjudication without prejudice and carried our point. I do not say our government does not reserve the right to intervene if justice is not done, but I want the matter passed upon by the courts. There was some feeling at the height of the incident, but it has subsided and our relations at the present time is quite satisfactory. I cannot say how long it will take to reach a decision in the asphalt cases, I presume the law has its delays in Venezuela as elsewhere."

REVENUES OF TEXAS.

Oil Companies Will Materially Increase the Receipts.

THE TAX IS RAISED.

Legislature Passed a Bill Changing the Amount Paid by Corporations—The Educational Bill Has Been Signed.

Austin, April 17.—The franchise tax on all corporations doing business in Texas, foreign and domestic, falls due not later than May 1. As a result of the approach of the last day of grace the secretary of state is receiving heavy daily payments of this tax and it will amount to a greater sum this year than ever before.

Formerly the annual franchise tax was \$10 for each corporation, but the Twenty-fifth legislature amended the law and increased it to \$10 for corporations having a capital stock of less than \$50,000, \$30 for corporations having a capital stock of \$50,000 and under \$100,000, \$50 for those with a capital stock over \$100,000 and under \$200,000, and \$50 for those having a capital stock over \$200,000.

With the prosperous year and the great number of oil and other charters filed the state will receive an immense amount of revenue from this source. The corporations recently chartered in the oil fields will have to pay franchise tax again on May 1.

State Educational Report.

Austin, April 17.—The twelfth biennial report of the state educational department has been received from the state printers. It contains 300 pages and is especially attractive on account of the illustrations. The features of the report have been published from time to time as they were prepared. John Butts, a brother-in-law of the deceased, was shot in the legs, arm and back, but it is thought he will recover. The occurrence has caused much excitement in and around Lebanon.

Crushed Under a Wall.

Paris, Tex., April 17.—While workmen were engaged in wrecking the J. W. Rodgers building on Bonham street to give place to a 5-story structure, W. A. Summers, a housemover, from Kansas City, was buried under a falling wall. It was being thrown with jackscrews and fell backward. He died in two minutes after being uncovered. Another workman named Barton was crippled.

THE PLANET EROS.

Astronomers Trying to Solve the Varying Light It Produces.

Boston, April 16.—Eros, the little planet that has been watched so closely by astronomers lately on account of its nearness to the earth, has recently taken an additional interest. Until within a short time Eros has been observed simply on account of its position, by means of which it is hoped to determine more closely the distance between the earth and the sun. This spring the planet has shown marked changes in light and is the first of the asteroids in which variation of light has been firmly established.

It has been found by the Harvard observers that intensity of light changes sometimes two or three times in as many hours. This accounted for in two ways: Some astronomers think that one side of the planet is dark and the other light and that as it revolves first the light and then the dark side is presented to the watchers on earth; other observers and especially those in Europe, believe that the planet is double and that the two spheres so revolving around one another first present their combined light and then only the light of one. The planet is believed to revolve in five hours.

The Strike Still On.

Pittsburg, April 16.—The strike at W. DeWee's plant of the American Sheet Steel company at McKeesport is still on. The mill is being operated in a crippled condition. The strikers are patrolling the streets for the purpose of inducing the workmen to remain away from the mill, but are keeping off the company's property and no trouble has occurred. President Schaffer of the Amalgamated association said he probably would call the national advisory together to consider the extreme action of calling out the men in the other mills in the United Steel corporation. Samuel J. Cooper, general manager of the Wood plant, declared that the company would never recognize the Amalgamated association.

Fitzgerald's Oklahoma Colony.

Indianapolis, April 16.—The arrangements for the location of a colony in Oklahoma, promoted by P. H. Fitzgerald of this city, are advancing rapidly. Part of the land will be thrown open to the colonists by June 1, and all of it will be available by next October. The location of the land is in the eastern part of the territory where the ground is said to be fertile and well adapted to fruit growing. Eighty thousand acres will be purchased. A city will be located on the Big Canadian river. Mr. Fitzgerald says that he will take 23,000 people into the territory.

Oil in Arkansas.

Little Rock, April 16.—Eastern parties have secured oil leases covering nearly the entire valley in which St. Joe is situated, in consequence of an expert's investigation. Machinery for sinking wells will be put in at once. There are a number of springs in Seary and neighboring counties where the oil has been forced up through crevices, ruining the water for drinking purposes. In one place the oil is gathered in a pool and is used by residents as a curative for sprains and rheumatism. The oil field is about 14 miles south of Yellville.

Returning Volunteers.

San Francisco, April 16.—The transport Thomas has arrived here bringing from the Philippines the headquarters and the First and Third battalions of the Thirty-fifth volunteer regiment and all of the Twenty-eighth volunteer regiment. The remainder of the Thirty-fifth regiment is on the transport Rosecrans, due here in a few days. Nothing was seen of the transport Garoone by the Thomas, although the Garoone left Nagasaki five days ahead of her with the Twenty-sixth regiment on board.

Thirty Thousand Dollar Fire.

Texarkana, Tex., April 17.—Bequeen, a thriving little city on the Kansas City Southern, about 40 miles north of here, had a disastrous fire Sunday night. The total loss is estimated at about \$30,000, about one-third insured. It has been only about six months since the place had a fire which practically destroyed all the business portion, but it has since been repaired.

Going Back Again.

Topeka, April 16.—Mrs. Carrie Nation, who is here, when asked regarding her experience in Kansas City said: "Oh, I'm going back to Kansas City week after next to speak at the McGee mission. Of course they think I won't dare come back, but they cannot do anything as long as no trouble is caused. I had a good time in Kansas City and will go there again."
